IN THE MATTER OF THE
APPLICATION OF UNS GAS, INC. FOR
APPROVAL OF A RATE INCREASE

DOCKET NO. G-04204A-11-0158

DECISION NO. 75598

ORDER

Open Meeting
June 14 and June 15, 2016
Phoenix, Arizona

Arizona Corporation Commission

DOCKETED

JUN 27 2016

BY THE COMMISSION:

FINDINGS OF FACT

1. UNS Gas, Inc. ("UNS Gas" or "Company") is certificated to provide natural gas service as a public service corporation in the state of Arizona.

Introduction

2. On April 15, 2016, UNS Gas filed an application with the Arizona Corporation Commission ("Commission") requesting approval of its annual Lost Fixed Cost Recovery ("LFCR") Mechanism adjustment effective July 1, 2016. The LFCR allows for the recovery of lost fixed costs, as measured by revenue per therm, associated with the amount of energy efficiency ("EE") savings determined to have occurred from programs authorized by the Commission.

3. UNS Gas is requesting that the LFCR charge be set at 0.0855 percent of the customer's bill, which would result in a decrease of \$0.01 per month for a residential customer per bill with an average monthly usage of 70 therms in the winter (or an average annual usage of 42 therms).

...

...

Description of the LFCR

4. In Decision No. 73142, dated May 1, 2012, the Commission approved the LFCR mechanism, which provides for the recovery of lost fixed costs associated with EE savings. Costs to be recovered through the LFCR include the fixed cost portion of the delivery charges for all applicable rate classes. The LFCR includes an annual one percent year-over-year cap based on Applicable Company Revenues. If the annual LFCR adjustment results in a surcharge and the annual incremental increase exceeds one percent of Applicable Company Revenues, any amount in excess of the one percent cap will be deferred for collection until the first future adjustment period in which the inclusion of such costs would not cause the annual increase to exceed the one percent cap. The one-year Nominal Treasury Constant Maturities rate contained in the Federal Reserve Statistical Release H-15 or its successor publication will be applied annually to any deferred balance. The interest rate will be adjusted annually and will be the annual rate applicable to the first business day of the calendar year.

5. By May 1st of each year, UNS Gas will file its calculation of the annual LFCR adjustment, based on the EE savings from the preceding calendar year. The LFCR mechanism does not apply to gas lighting, irrigation, compressed natural gas and the larger customer classes taking service under C-22, I-30, I-32, PA-42, PA-44, IR-60, and T-2. These customers are not subject to the LFCR mechanism because other rate designs are in place to address lost fixed costs. Residential customers can choose to pay a higher monthly customer charge rather than pay the LFCR rate. The LFCR mechanism will not be applied to residential customers who choose the higher monthly customer charge. The higher customer charge is specified in the applicable standard offer tariff.

6. The Plan of Administration ("POA") describes how the LFCR operates. After UNS Gas files its calculation of the annual LFCR adjustment based on the EE savings from the preceding calendar year, the Utilities Division ("Staff") of the Commission will use best efforts to process the matter such that a new LFCR adjustment will go into effect by July 1st of each year. However, the LFCR Adjustment will not go into effect until approved by the Commission.

7. UNS Gas filed its initial LFCR adjustment filing on May 3, 2013. The total Lost Fixed Cost Revenues for 2012 were \$9,765. As this dollar amount was low and resulted in a monthly

1 increase for the average residential customer of less than \$0.01, UNS Gas requested the LFCR
2 Revenues for 2012 be deferred and incorporated into the 2013 Compliance LFCR filing, for recovery
3 beginning July 1, 2014.

4 8. In Decision No. 73936, dated June 27, 2013, the Commission agreed that UNS Gas'
5 LFCR revenues for 2012 be deferred and incorporated into the 2013 Compliance LFCR filing.

6 9. UNS Gas filed its second LFCR adjustment filing on May 1, 2014. The total Lost
7 Fixed Cost Revenues for 2013 were \$66,591. By including the deferred amount of \$9,765 from 2012,
8 the approved LFCR rate for 2014 was 0.0695 percent. Using this rate, the estimated monthly bill
9 impact for a customer with an average monthly usage of 70 therms in the winter was approximately
10 \$0.05 per residential bill.

11 10. In Decision No. 74613, dated July 30, 2014, the Commission agreed that UNS Gas'
12 LFCR mechanism adjustment be set a 0.0695 percent effective August 1, 2014. The Commission also
13 ordered UNS Gas to revise its POA as directed by Staff to incorporate a balancing account to
14 facilitate the true-up of any LFCR dollars under or over-collected in the following twelve-month
15 period.

16 11. On August 8, 2014, UNS Gas filed its Rider R-6 LFCR to be in compliance with
17 Decision No. 74613. On September 30, 2014, UNS Gas filed an updated LFCR POA to be in
18 compliance with Decision No. 74613.

19 12. UNS Gas filed its third LFCR adjustment filing on May 1, 2015. The total Lost Fixed
20 Cost Revenues for 2014 were \$96,067. The approved LFCR rate for 2015 was 0.0961 percent
21 effective August 1, 2015. Using this rate, the estimated monthly bill impact for a customer with an
22 average monthly usage of 70 therms in the winter was approximately \$0.07 per residential bill (an
23 increase of \$0.02 per residential bill).

24 13. In Decision No. 75173, dated July 15, 2015, the Commission agreed that UNS Gas'
25 LFCR mechanism be set at 0.0961 percent effective August 1, 2015. On July 21, 2015, UNS Gas filed
26 its Rider R-6 LFCR to be in compliance with Decision No. 75173.

27 ...

28 ...

Staff Analysis

14. Staff has reviewed UNS Gas' EE savings and annual revenue used in the calculation for the LFCR adjustment in this application. Staff is in agreement on the annual revenue data, the handling of the balancing account, and the level of EE savings used in calculation of the LFCR adjustment percentage at 0.0855 percent.

15. As demonstrated in the table below, applying the proposed LFCR adjustment percentage of 0.0855 percent to the bill for a residential customer with an average monthly usage of 70 therms in the winter, the estimated monthly bill impact would be a decrease of approximately \$0.01 per residential bill (the calculated surcharge would go from \$0.06 to \$0.05 per residential bill).

UNS GAS, INC. LOST FIXED COST RECOVERY – LFCR EFFECTIVE JULY 2016 WINTER RESIDENTIAL BILL IMPACT						
Average Winter Usage: 70 Therms						
	Current Rates	Proposed Rates	Current Bill	Proposed Bill	\$ Difference	% Difference
Customer Charge	\$10.00	\$10.00	\$10.00	\$10.00	\$0.00	0.00%
Delivery Charge (per therm)	\$0.3434	\$0.3434	\$24.04	\$24.04	\$0.00	0.00%
Purchased Gas Adjustment (per therm for March 2016*)	\$0.3824	\$0.3824	\$26.77	\$26.77	\$0.00	0.00%
Subtotal			\$60.81	\$60.81	\$0.00	0.00%
LFCR Rate	0.0961%	0.0855%	\$0.06	\$0.05	(\$0.01)	(16.67%)
Total			\$60.87	\$60.86	(\$0.01)	(0.02%)

*The March 2016 Purchased Gas Adjustment rate per therm incorporates a \$0.10 per therm credit that ended April 30, 2016.

16. Applying the proposed LFCR adjustment percentage of 0.0855 percent to the bill for a residential customer with an annual average usage of 42 therms, the estimated monthly bill impact would again be a decrease of approximately \$0.01 per residential bill (the calculated surcharge would go from \$0.04 to \$0.03 per residential bill).

UNS GAS, INC. LOST FIXED COST RECOVERY – LFCR EFFECTIVE JULY 2016 AVERAGE ANNUAL RESIDENTIAL BILL IMPACT						
Average Annual Usage: 42 Therms						
	Current Rates	Proposed Rates	Current Bill	Proposed Bill	\$ Difference	% Difference
Customer Charge	\$10.00	\$10.00	\$10.00	\$10.00	\$0.00	0.00%
Delivery Charge (per therm)	\$0.3434	\$0.3434	\$14.42	\$14.42	\$0.00	0.00%
Purchased Gas Adjustment (per therm for April 2016)	\$0.3660	\$0.3660	\$15.37	\$15.37	\$0.00	0.00%
Subtotal			\$39.79	\$39.79	\$0.00	0.00%
LFCR Rate	0.0961%	0.0855%	\$0.04	\$0.03	(\$0.01)	(25.00%)
Total			\$39.83	\$39.82	(\$0.01)	(0.03%)

*The April 2016 Purchased Gas Adjustment rate per therm incorporates a \$0.10 per therm credit that ended April 30, 2016.

Recommendations

17. Based on the above, Staff has recommended that an LFCR rate of 0.0855 percent be approved and become effective July 1, 2016.

18. Staff has also recommended that UNS Gas file a revised Rider R-6 consistent with the Decision in this case within 15 days of the effective date of the Decision.

CONCLUSIONS OF LAW

1. UNS Gas, Inc. is an Arizona public service corporation within the meaning of Article XV, Section 2, of the Arizona Constitution.

2. The Commission has jurisdiction over UNS Gas, Inc. and over the subject matter of the application.

3. The Commission, having reviewed Staff's memorandum dated May 18, 2016, concludes that it is in the public interest to approve the Rider R-6 Lost Fixed Cost Recovery Tariff Adjustment as discussed herein.

...

...

...

...

...

...

ORDER

IT IS THEREFORE ORDERED that the Lost Fixed Cost Revenue mechanism adjustment for UNS Gas, Inc. be set at 0.0855 percent, effective July 1, 2016.

IT IS FURTHER ORDERED that UNS Gas, Inc. file a revised Rider R-6 consistent with the Decision in this case within 15 days of the effective date of the Decision.

IT IS FURTHER ORDERED that this Decision shall become effective immediately.
